The recommendation of the Committee accepted by the Hon'ble Supreme Court for implementation:

- 6.1.1** **Universities and colleges across the country must ordinarily conduct elections for the appointment of students to student representative bodies. These elections may be conducted in the manner prescribed herein, or in a manner that conforms to the standards prescribed herein.**
- 6.1.2** **Where the atmosphere of the university campus is adverse to the conduct of peaceful, free and fair elections, the university, its constituent colleges and departments must initiate a system of student representation based on nominations, especially where elections are being held at present. It would be advisable, however, not to base such nomination system on purely academic merit, as is being practiced throughout the country.**
- 6.1.3** **In cases where elections are not being held, or where the nomination model prevails, the nomination model should be allowed to continue for a limited period of time. It is to be noted that the nomination system suffers from several flaws, and must only be resorted to as an INTERIM MEASURE.**
- 6.1.4** **Subject to the recommendations in respect of the possible models of elections, all institutions must, over a period of 5 years, convert from the nomination model to a structured election model, that may be based on a system of parliamentary (indirect) elections, or on the presidential (direct) system, or a hybrid of both. It is highly desirable that all institutions follow this mechanism of gradual conversion, especially for privately funded institutions that prefer a status quo situation.**
- 6.1.5** **All institutions must conduct a review of the student representation mechanism. The first review may be conducted after a period of 2 years of the implementation of the mechanism detailed above, and the second review may be conducted after the 3rd or the 4th year of implementation. The primary objective of these reviews will be to ascertain the success of the representation and election mechanism in each individual institution, so as to decide whether or not to implement a full-fledged election structure. Needless to say these reviews will be based on a consideration of the views and suggestions of all stakeholders, such as students, faculty, administration, student bodies, and parents.**

- 6.1.6** Institutions must, as a primary objective, subject to the pertinent issue of discipline on campus, seek to implement a structured system of student elections by the conclusion of a period of 5 years from the date of the implementation of these recommendations.
- 6.1.7** Subject to the autonomy of the universities in respect of the choice of the mode of election, all universities must institute an apex student representative body that represents all students, colleges, and departments coming under the particular university. In the event that the university is geographically widespread, individual colleges may constitute their own representative bodies, which would further elect representatives for the apex university body.
- 6.1.8** The union/representative body so elected shall only comprise of regular students on the rolls of the institution. No faculty member, nor any member of the administration shall be permitted to hold any post on the executive of such representative body, nor shall be allowed to be a member of any such representative body.
- 6.2** Modes of Elections
- 6.2.1** A system of direct election of the office bearers of the student body whereby all students of all constituent colleges, as well as all students of the university departments vote directly for the office bearers. This model may be followed in smaller universities with well-defined single campuses (for e.g. JNU/University of Hyderabad), and with a relatively smaller student population. A graphic representation of this model is annexed herewith at Annexure IV-A.
- In respect of universities with large, widespread campuses and large student bodies, either of the following models may be adopted:
- 6.2.2** A system of elections, where colleges and campuses directly elect college and campus office bearers, as well as university representatives. The university representatives form an electoral college, which shall elect the university student union office bearers. A graphic representation of this model is annexed herewith at Annexure IV-B.
- 6.2.3** A system of elections where on one hand, directly elected class representatives elect the office bearers of the college as well as the university representatives, and the campus itself directly elects the campus office bearers and the university representatives. The university representatives shall form an electoral college, which shall

elect the office bearer of the university student union. A graphic representation of this model is annexed herewith at Annexure IV-C.

6.2.4 A system of election wherein class representatives shall be directly elected in the colleges and universities campus and they in turn shall elect the office bearers for the college unions and the university campus union. Also they shall elect their representatives for university student union. These elected representatives from colleges and university campus shall form the Electoral College, which shall elect the office bearers of the university student union. This model shall be applicable to large university with large number of affiliated colleges. A graphic representation of this model is annexed herewith at Annexure IV-D.

6.3 Disassociation of Student Elections and Student Representation from Political Parties

6.3.1 During the period of the elections no person, who is not a student on the rolls of the college/university, shall be permitted to take part in the election process in any capacity. The Grievance cell shall determine the format for the hearing, but must require that both the complaining and responding parties appear physically before the board to discuss the issues through a complaint, answered, rebuttal, and rejoinder format. The purpose of the hearing is to gather the information necessary to make a decision, order, or ruling that will resolve an election dispute. To effectuate this purpose, the following rules should prevail at all hearings:

- **Complaining parties shall be allowed no more than two witnesses, however the Grievance cell may call witnesses as required. If said witnesses are unable to appear at the hearing, signed affidavits may be submitted to the Grievance cell Chair for the purpose of testifying by proxy.**
- **All questions and discussions by the parties in dispute shall be directed to the Grievance cell.**
- **There shall be no direct or cross-examination of any party or witness by complaining or responding parties during hearings.**
- **Reasonable time limits may be set by the Grievance cell, provided they give fair and equal treatment to both sides.**
- **The complaining party shall bear the burden of proof.**
- **Decisions, orders, and rulings of the Grievance cell must be concurred to by a majority of the Grievance cell present and shall be announced as soon as possible after the hearing. The Grievance cell shall issue a written opinion of the ruling within 12 hours of announcement of the decision. The written opinion must set forth the findings of fact by the Grievance cell and the conclusions of law in support of it. Written opinions shall set a precedent for a time period of three election cycles for Grievance cell rulings, and shall guide the Grievance cell in its proceedings. Upon consideration of prior written opinions, the grievance cell may negate the decision, but must provide written documentation of reasons for doing so.**
- **If the decision of the Grievance cell is appealed to the institutional head, the Grievance cell must immediately submit its ruling to the commission.**

- The Grievance cell shall select the remedy or sanction most appropriate to both the type and severity of the infraction, as well as the state of mind or intent of the violator as determined by the Grievance cell. Possible remedies and sanctions include, but are not limited to, fines, suspension of campaigning privileges, and disqualification from the election.
- Any fine or total amount of fines against a candidate in an election cycle may not exceed the spending limit as defined herein above.
- If, after a hearing, the Grievance cell finds that provisions of this Code were violated by a candidate, or a candidate's agents or workers, the Grievance cell may restrict the candidate, or the candidate's agents or workers, from engaging in some or all campaign activities for some or all of the remainder of the campaign. If an order is issued covering only part of the remaining campaign period, it shall take effect immediately so that after its termination, the candidate will have an opportunity to resume campaigning during the days immediately prior to and including the election days.
- If, after a hearing, the Grievance cell finds that provisions of either this Code or decisions, opinions, orders, or rulings of the Grievance cell have been willfully and blatantly violated by a candidate, or a candidate's agents or workers, the Grievance cell may disqualify the candidate.
- Any party adversely affected by a decision of the Grievance cell may file an appeal with the institutional head within twenty-four (24) hours after the adverse decision is announced. The institutional head shall have discretionary appellate jurisdiction over the Grievance cell in all cases in which error on the part of the Grievance cell is charged.
- The decision of the Grievance cell shall stand and shall have full effect until the appeal is heard and decided by the institutional head.
- The institutional head shall hear appeals of Grievance cell rulings as soon as possible, but not within twenty-four (24) hours after the Grievance cell delivers to the Appellant and the institutional head a copy of its written opinion in the case. Appeal may be heard prior to this time, but only if the Appellant waives the right to a written opinion and the institutional head agrees to accept the waiver.

- The institutional head can issue suitable orders to suspend or halt the operation of the ruling issued by the Grievance cell until the appeals are decided.
- The institutional head shall review findings of the Grievance cell when appealed. The institutional head may affirm or overturn the decision of the Grievance cell, or modify the sanctions imposed.

6.9 Maintaining Law and Order on the Campus during the Election Process

6.9.1 Any instance of acute lawlessness or the commission of a criminal offence shall be reported to the police by the university / college authorities as soon as possible, but not later than 12 hours after the alleged commission of the offence.

6.10 Miscellaneous Recommendations

6.10.1 Student representation is essential to the overall development of students, and, therefore, it is recommended that university statutes should expressly provide for student representation.

6.10.2 Student representation should be regulated by statute (either a Central Statute, State Statute or individual university statutes), incorporating the recommendations prescribed herein.

6.10.3 The institution should organize leadership-training programs with the help of professional organizations so as to groom and instill in students leadership qualities.

6.10.4 In the event of the office of any major post of office bearer falling vacant within two months of elections, re-elections should be conducted; otherwise the Vice President may be promoted to the post of President and Joint Secretary to the post of Secretary, as the case may be.
